AT RADIO SCHOOL

CHESTER A. TRAVIRCA

Chester A. Travirca, Jr., son of Mr. and Mrs. Chester A. Travirca, Sr., Picayune, Miss., formerly of Kiln, Miss., was enrolled recently in an intensive course at the Radio Training School located on the campus of the University of Wisconsin, Madison, Wisconsin.

Selection to attend the specialty school was made on the basis of his recruit training aptitude tests. The course includes the operation, function and maintenance of radio transmitting and receiving equipment, and the sending and receiving of messages in international code. Successful completion of the course will see the Bluejacket graduate as a qualified radio operator with the fleet.

Young Travirca is a nephew of Supervisor L. H. Necaise.

Reorganized Altar Society Celebrates 1st Anniversary At January Meeting

At the January meeting of the Altar Society of Our Lady of the Gulf Church, held at the Convent last Wednesday, the activities of the year were reviewed by the President, Mrs. Charles Zerr.

The Altar Society has created additional funds than those of membership dues by holding several carnivals, sales, a Christmas gift sale and numerous private cash donations. The society was also prominently identified at the two church bazaars held, this summer, netting handsome sums by the operation of their fish pond, grab and novelty table.

The society worked for funds for the purchase of the handsome new vestments and robes which Right Reverend Monsignor A. J. Gmelch wore for the first time at Midnight Mass celebrated on Christmas. The society also assisted in the purchase of the new robes for the Altar Boys which were so badly needed.

The Altar Society has materially aided in keeping the altars and interior of Our Lady of the Gulf Church beautiful and all members of the church are invited to participate in this privileged work by becoming members. The membership fee is \$1.25 a year nominal fee, and may be paid to Mrs. Charles Zerr or Miss Katie Hoffman, Treasurer. The dues are payable this month of January, the beginning of the new year, and because of the transportation problem, members and prospective members are requested to please either mail or hand their dues to Mrs. Zerr and thereby facilitate the collection of same.

The Altar Society meets once a month at 3:15 P. M. on the second Wednesday, and all Catholic women are invited to come and join this organization. However, while the Altar Society welcomes active members, it is not compulsory to attend meetings and many persons who are unable to do so, pay their dues annually and thereby receive the benefit of the graces and indulgences which a membership grants them.

Hotel Reed News

J. L. Bullard and mother Mrs. Allen left Wednesday for their home in Tulsa, Oklahoma, after a stay at Hotel Reed.

Registered at Hotel Reed are Norman Toon and his mother, Mrs. Laura K. Toon of Columbus, Ohio; Mr. and Mrs. George A. Shimmer, Chicago; Mr. and Mrs. Arthur Hanson, Westwego, La.; Mr. and Mrs. William E. Hutchinson, New Orleans; Fred West, Fort Worth, Texas; Miss Alyene Johnson, Kansas City; Mr. and Mrs. A. W. Benson, New Orleans.

Mrs. Leroy Norman Dies In Oklahoma

Mrs. Leroy Norman died suddenly on Monday, January 22, at her home in Tulsa, Oklahoma. She was the mother of Mrs. Eugene Mosabagh, Jr., who spent several months with Corporal Mosabagh, parents and sister after her husband had been assigned to overseas duty. Mrs. Norman had also visited here and both she and her daughter have many friends here.

ST. STANISLAUS FOOTBALL BANQUET AT HOTEL REED

Banquet To Honor Members Of 1944 Football Team

During the meeting of the St. Stanislaus Sidelines Club, Thursday, evening, January 11, the members elected to hold the annual Football Banquet this year in the Hotel Reed on the evening of Wednesday, February 7th. The location and date were unanimously approved by all the members present.

The time of the banquet was set at nine o'clock in the evening at which time the members of the Varsity Football team would be honored guest of the St. Stanislaus Sidelines Club. The latter organization was formed for the express purpose of lending financial and other aid to the athletic program of St. Stanislaus.

Prior to the banquet the Officers of the Club will hold a reception for the members beginning at about seven-thirty in the Hotel. Several members who have paid their dues have not yet had the opportunity of making the acquaintance of the other gentlemen of the organization. It was this circumstance which prompted the Officers to hold this informal reception.

Needless to say, the boys on the football team are grateful to the members of the Sidelines Club for tendering them this banquet. They are also appreciative of all the other things that this fine organization has done in behalf of the athletics of St. Stanislaus.

Mississippi's Victory Garden Goal for 1945 450,000

State College, Miss.—Mississippi's Victory Garden goal for 1945 is 450,000 better gardens, according to Extension horticulturists who emphasized the importance of more and better production of food on the home front.

"Victory gardeners have responded to every call for more food and they are again urged to grow a sufficient amount of food for their own family to use fresh, can and store in 1945," the Extension specialists said.

"For the past two years, the home gardens have produced about 40 percent of all fresh vegetables used, which is a commendable record. We have a point to better this year. Nation wide, there have recently been put on a number of fruits and vegetables, which indicates a shortage or low stocks of the commodities.

"Let's grow our own and save the points. A No. 2 can of sweet corn has a point value of 20 at present. One hill of your favorite variety of this excellent vegetable will more than fill a No. 2 can.

"The following suggestions may help guide you in having a better garden in 1945: Early preparations of the garden plot; good garden planning; use sound fresh seed; double row planting of 8 to 10 growing, medium to medium length season crops such as radish, beets for pickles, spinach, turnips for greens, onions, English peas, mustard and lettuce.

"Succession planting; adequate fertilizer; mulching and proper cultural practices, such as sanitation; in the garden, pruning and staking plants and thinning the majority of the crops which are planted in a continuous drill make for better quality vegetables."

Sudden Death of John Nelson Stewart

News reached here this week of the sudden death in New Orleans of John Nelson Stewart, son of the late Mr. and Mrs. John Nelson Stewart, former residents of this city. Mr. Stewart suffered a cerebral hemorrhage at his New Orleans home Tuesday morning at 2 o'clock and was rushed to the Touro Infirmary and died at 4 o'clock without regaining consciousness.

Mr. Stewart was well known having spent the summers here since childhood. After his father's death his mother resided here permanently. His brother Peter died about a year ago. Besides his wife he leaves a son John Nelson Stewart, III, who is in the Philippines and a sister Mrs. Charles arwell. He was prominent in business and social circles in New Orleans and was the third of his generation to head the Cotton Exchange.

Bay-Waveland Garden Club To Sponsor Book Shower

The Bay-Waveland Garden Club will sponsor a Book Shower on Thursday, February 8 at Hotel Reed. These books are for the American Merchant Marine and new and late books are requested. Give your best to the men in service. He is giving his best for you. Don't give what you would not read yourself for he wants to read new books but you may give the Pocket Edition of New Books. Some of them like poetry and that is never old. Be sure to come and bring a book. Remember the cause.

MISSING IN ACTION

PVT. FRANK TRAPANI

Private Frank Trapani, son of Mr. and Mrs. Anthony Trapani of Bay St. Louis, who was reported missing in action in a message his family received from the War Department. His wife and month old baby are presently with his parents at their home on Main street. Since the advices from the War Department no other news has been received. It is hoped that good news soon will be received by the family of this splendid young man.

Mrs. Margaret Gruco Faucetta Scianna Dies Suddenly at Her Home

Mrs. Margaret Gruco Faucetta Scianna, wife of John Scianna of the Edwardsville community died at her home on Monday at 8:40 p. m., following an extended illness. She was 53 years of age and was a native of Italy but came to America when a young girl.

She leaves besides her husband four daughters, Miss Frances Faucetta, Mrs. Lena Davis, Miss Lena Scianna, Mary Lou Scianna; six sons, Jasper Faucetta, Corporal Steven Faucetta, Army Engineering Corps, in Germany; Peter Faucetta, M.M. in Coast Guard in the Pacific theater of war; John Scianna, Charles Scianna, Luke Scianna. She also leaves a grandson, Davis, a step daughter Mrs. Josephine Gulino and a step son, Anthony Scianna of Orleans.

Her funeral was held Wednesday morning from the Fahy Funeral Home with requiem Mass at Our Lady of the Gulf Catholic Church at 10 o'clock with interment in St. Mary's Cemetery. Father Clark conducted the services at the funeral home and at the cemetery and the Right Reverend Monsignor A. J. Gmelch was the celebrant of the Mass.

Her pall bearers were Joseph Pernicaro, Lucien Pernicaro, Norman Benigno, John Benigno, Sam Triana and Henry Puliziano.

Mrs. Scianna was a fine Christian woman and was loved by many. Her children show the Christian training she has given them. Sympathy is extended to the family in this great loss.

Capt. John D. O'Brien At Redistribution Station

Miami Beach, Florida—Capt. John D. O'Brien, 33, New Orleans, La., has arrived at Army Air Forces Redistribution Station No. 2 in Miami Beach for reassignment processing after completing a tour of duty outside the continental United States.

Medical examinations and classification interviews at this post, pioneer of several redistribution stations operated by the AAF Personnel determine his new assignment. He will remain at the redistribution station about two weeks, much of which will be devoted to rest and recreation.

Captain O'Brien served in the Southwest Pacific area for 33 months with an aviation signal detachment. His wife resides in New Orleans, and his parents, Mr. and Mrs. W. T. O'Brien live in Bay St. Louis.

In 1934 Captain O'Brien received a B. S. Degree in Electrical Engineering from the University of Michigan. He has been in the Army since June, 1941.

At Welch Convalescent Hospital

Daytona Beach, Florida, Jan. 22.—Pvt. John M. Weston, formerly of 702 South Beach Boulevard, Bay St. Louis, Miss., has recently arrived at Welch Convalescent Hospital, the Army's new reconditioning center in Daytona Beach, Fla. The carefully planned reconditioning program here will speed his convalescence and assist his return to the best of health.

The son of Mrs. Elizabeth M. Weston, entered the Army June, 1943 and has since served six months in the European theatre of operations, where he was awarded the Purple Heart and the Combat Infantryman's Badge.

He previously attended the University of Mississippi in Oxford in the year of 42 and '43.

ANNUAL DRIVE FOR FUNDS TO COMBAT INFANTILE PARALYSIS IN PROGRESS

The annual drive for raising funds for the National Foundation of Infantile Paralysis is going on at the present time and will end on January 31st.

Founded at the instance of President Franklin D. Roosevelt, who some years ago was stricken by this dread disease, it has grown in the matter of a short time to phenomenal heights.

Originally all of the funds collected were used at the Foundation at Warm Springs, Georgia. Today every state in the Union has its own Polio Clinics and these are sustained by the National Foundation. In Mississippi the clinic is located at Jackson.

We do not realize how necessary this work is until such time as it effects some local person. During this past year it was necessary for one child to be sent to the clinic at Jackson with a definite attack of infantile Paralysis. This probably meant the difference between life and death for at no expense to the child was cared for at no expense to the parents, all expenses being handled by the National Foundation through the state chapter.

No quotas are assigned in this drive. It is purely a question of the people responding and giving what they wish to give. You are asked to contribute your dimes to this worthy cause. There has been mailed out at the instance of the state committee, dime birthday cards to every car owner in the state. If you own an automobile, you have probably received this little folder with inserts where twenty dimes can be placed therein. If you feel that this worthy cause, fill your birthday card and deliver it to Mr. Joe B. Burrow at the Merchant Bank & Trust Company, or you may mail it direct to the White House. In either event one-half of the money contributed will be given to the Hancock County Chapter, as one-half of all funds collected remain in the local treasury.

This money is used where necessary for expenses in handling of crippled, or former victims of infantile paralysis who are still subjected to medical attention, or who may be subjected to surgery. It also requires examination by physicians where expense may be incurred in their visits to and from the doctor's office.

Thursday, January 25th, the picture shows will start their drive in helping to raise these funds. At each of the shows in Bay St. Louis collections will be taken up during the show for this specific purpose. May we suggest that when you go to the picture show that you carry a little change so that you may help this worthy cause. A short while with Greer Garson in "The Miracle of Hickory" will be shown.

The local organization is headed by Mrs. M. A. Gilmore as Chairman, Mrs. Theo Tudury as co-chairman, Mrs. Lou Spence as Chairman of the Women's Division, Mrs. A. L. Shepard of Kiln as Secretary, and Mr. Joe B. Burrow of the Merchants Bank & Trust Company as Treasurer. In addition to these officials, volunteer workers have been aiding in the drive for funds for this cause.

The results up to the present time, we understand, have been very successful, but we should not stop at this point. We should continue to give as many dimes as possible, realizing that whatever contributions are made, one-half of it goes for local use and the other part goes to the National Foundation, and they in turn carry on the state work.

Hancock County Chapter National Foundation Of Infantile Paralysis To Sponsor Card Party

The Hancock County unit of the National Foundation for Infantile Paralysis, will sponsor a card party at 2 p. m. on Saturday, January 27 at Hotel Reed, the proceeds to go to the Infantile Paralysis fund.

Tickets will be on sale at the Beach Drug Store at 50 cents each. There will be an entrance prize and three home made cakes will be raffled.

This is a cause that no one can neglect. Can you deny the right to the children to stand upright and walk? It is a dread disease and it is hoped that each and every citizen will contribute to this fund which is used to restore the polio victim to normal health? Come out and play cards and help increase the fund.

PROMOTED

Virgil S. Nelson, who is now somewhere in the Netherlands East Indies recently was promoted from the rank of Sergeant to the rank of Staff Sergeant. He was awarded the Combat Badge and the Expert Infantryman's Badge. Sgt. Nelson will have been in service four years in February and has been in the Pacific war area since last March. His parents are Mr. and Mrs. O. E. Nelson of Kiln.

He is serving in Europe with the Seventh Armored Division. He attended Waveland School prior to entering the service. He was employed as a clerk in Waveland Food Store.

He entered the service September 17, 1940. He has three brothers in service and all are overseas.

Bay St. Louis High School Re-Establishes Boxing—Season Starts Thursday

Bay St. Louis High School is re-establishing boxing this year as one of their major sports. They open their season Thursday night January 25th in the Bay St. Louis High School gym with Notre Dame High School from Biloxi.

Although Bay High has not had boxing in the past three years they have some boys who have had experience in boxing in the lighter weights several years ago and should provide some interesting competition for Notre Dame.

The tentative schedule for Bay High is home and home bouts with Notre Dame, Biloxi, St. Aloysius, Bogalusa and probably Gulf Coast Military Academy. All the home fights are on Thursday nights in order not to conflict with basketball games.

NAVY OFFERING FOUR BRANCHES SERVICE TO MEN

With practically no age limitations, the Navy today is offering four branches of service to suit every taste or talent, the state's recruiting service discloses. Men seeking to join the Navy, whether they be just 17 or 50 years of age, may find their places in some naval service, it was reported.

In the General Service branch only 17 years of age are acceptable as volunteers and they may choose one of 49 trade jobs now taught in Navy service schools, providing they qualify by aptitude or experience during "boot" training.

The second opportunity, open to men 17 to 27, is in the aviation branch and the call is for air-minded, healthy applicants who may sign up as COMBAT AIRCREWMEN. They are given a 12-month training course to shape them into aviation radiomen, ordnancemen or machinists and wear the silver wings of the flier.

Those with aptitude in radio or other sciences may apply to take the "Eddy Test"—a written examination which determines entry in a 10-month course which principally covers the science of RADAR. Eligibles are men 17 to 38, who are enlisted two full ranks above apprentice seaman and graduate from the school as Radio Technicians or second class petty officers.

The fourth opportunity is for men seeking enlistment in the SEABEES. This call is to men 26 to 50, with at least five years experience in a trade. Successful applicants are given, at present, at least a second class petty officer's rating and actual experience determines the rank or rating offered.

All applicants, regardless of age, must go first to a Navy recruiting station. Those who are 17, or between 38 and 50, are signed up as "Volunteer Enlistees." Draft-age applicants (18 to 38) if they qualify for RADAR, the SEABEES or as COMBAT AIRCREWMEN at the recruiting station are given a letter of special assignment to Selective Service and are classified as "Volunteer Navy Inductees."

HANCOCK COUNTY CHAPTER AMERICAN RED CROSS MEETS

Officers Elected For Ensuing Year

The Hancock County Chapter of the American Red Cross met on Tuesday afternoon for its regular annual meeting. The major business was the election of officers for the ensuing year. The following, who have served for the past three years, were re-elected: Walter J. Gex, county chairman; H. Grady Perkins, first vice president; Mrs. C. C. McDonald, second vice president; Roy Baxter, treasurer and Mrs. G. Y. Blaize, secretary.

Mr. Gex announced that the Red Cross War Fund Drive for the county would open March 1 with a quota of \$8100 and that Mrs. Roger Boh has been named chairman.

The Red Cross chapter expressed appreciation of the service rendered by those busy men and women who serve as officers and also for the fact that they were willing to accept their offices again since the chapter felt it was best for the good of the work. They show splendid team work and good results in the work.

Mrs. Louis Maunus executive secretary and her assistants Mrs. J. Roland Weston are giving the best to work and are unsparing in their time.

A REAL CHRISTMAS PRESENT FOR ONE OF OUR BOYS

The following article, appeared in the Seattle Weekly Edition of Boeing News, published by the Boeing Public Relations Division, in its issue of December 27th, 1944:

"HERE'S WHAT THOSE NICKLES, DIMES DID

"Hello, Dickie, this is your Daddy."

"Those were strange words for Pfc. Jake Morreale to be speaking, and his voice cracked as he said them. He hadn't seen or talked to his son for nearly two years. Dickie was two months old when Morreale left him goodbye and headed into the Jap war with the Marine Corps."

"Now, he was getting to talk to his son and wife, thanks to Boeing employees who had paused long enough to toss some nickles, dimes and dollars into the veterans' telephone fund.

"As Morreale lay in his bed at the Naval hospital talking to his wife, a score of men were watching him. They were 'catching some of the joy and experience, too. Some knew the thrill of talking to the folks at home after 22 months of jungle war and hospital. Others were waiting to phone."

"It was nearly Christmas, and Morreale's thoughts had been of home and the family. But a private first class doesn't have enough money to call Bay St. Louis, Mississippi—especially when he has a wife and baby to help support. There wouldn't have been a call, without the Boeing money."

"That's why Morreale said, 'Boc-ing has given me the nicest Christmas present I could get—that is, next to being sent home for Christmas.'"

"Morreale had done his part in giving Boeing and the folks at home a Christmas present, too—a little spot in the Pacific called Saipan: A place where Boeing B-29s have a base for attacks against Tokyo. "Morreale had helped take Tarawa, Ido, but it was on Saipan where the Japs had caught up with him. He'd gone in with the first wave of Marines in the early morning light. Splashing through the surf and over the coral reef, he and his buddies had thrown the Japs back. Then an enemy machine gun nest halted their advance."

"Marines were falling before the burst of fire. Morreale decided something had to be done to save his buddies. He spotted the nest as he crouched in the sand. Then he sprang to his feet and hurled a grenade at the nest. Just before the grenade exploded the Japs caught him with a burst of fire. Then the gun grew silent."

"He went down. A shell had hit his right and left arm, and his right leg. One shell had pierced his throat. Half an inch more and it would have killed him."

"It was evening before they got him off the beach and onto a transport. His condition was so serious he couldn't be moved off the transport onto a hospital ship. For 23 days he had to stay on the ship as it wallowed through the Pacific seas. Then he was taken to Hawaii for operations."

"Morreale will soon have the casts taken off his left arm and right leg. Then he will be heading home. Until then, a little boy in Bay St. Louis, Mississippi, will be telling all the kids in the block about the time he talked to his Daddy."

In addition to the above article, a picture showing Jake making the telephone call referred to above, also appeared.

Purchase Lot For Erection Of New Building

The Bay St. Louis Baptist Church members have purchased the lot adjoining the Post Office from the Weston Lumber Company and will begin the erection of a new church building at an early date. The lot is the site of the former home of the Hugo Hoffman family.

A WORTHY CAUSE

ON January 30th President Franklin D. Roosevelt celebrates birthday. Each year up until the declaration of war a President's Ball has been held throughout the nation celebrating his birthday and the funds derived from this have been contributed to the National Foundation for Infantile Paralysis.

The American people have connected the President's Birthday with their battle against infantile paralysis he having been a victim of this dreaded disease and having worked diligently from that time on to combat the same. He has made every effort possible to lend aid financially and otherwise for research and medical study seeking the prevention and cure of the disease.

The health of our children is a precious gift. When our little ones have only slight ailments it perturbs us. We should readily realize what it means when someone's child is stricken with a disease that probably means death and if he should overcome it, maybe an invalid or cripple for life.

The dimes that we are asked to contribute to this great cause mount up into the millions, and if a person will just stop and think of the good that is being accomplished with this money, they would not hesitate each time they pass the little pasteboard box with Infantile Paralysis written on the face of it, to drop their dime in.

Many times individuals do not see the necessity of helping in causes of this type for the reason that they can see no person locally who might be effected or who has been effected by this dreaded disease. During the past year there was only one case in this county. This child was sent to the clinic at Jackson and today, through the efforts of the Foundation, may be saved from the misery of being a cripple for life.

Think of what your dimes accomplished in this particular case; think of what your dimes will accomplish in the event of an epidemic. There were 19,000 cases reported during the past year, and over 1/3 of these cases were in New York State; and who knows but what it may strike us as well as any other section of the country.

You are not asked for much, but the little that you give means much, so do not hesitate to make your contribution and have it in the hands of the local committee before January 31st.

CROWNING A GREAT CAMPAIGN

Announcement that airplanes of the Third U. S. Fleet have bombed the China coast ports of Hongkong, Swatow and Mimoy, represents one of the epochal achievements of the war against Japan.

The bombing of these ports on the Chinese coast is the last step in the aerial offensive which has now been projected across the entire Pacific Ocean. Hitting the enemy in these ports, which are west of Formosa, marks the beginning of the end of the Japanese supply route to the South Seas.

The achievement of our naval fliers is the crowning accomplishment of a campaign that includes more heroism and greater difficulties than the average American realizes. In fact, American seapower and air power have driven Japan into a corner, forcing the Empire to make a desperate struggle for existence.

The campaign on the island of Luzon is certain to be an American success because the same factors that gave victory to Japan in 1942 guarantee our eventual triumph. The foe on the island has been cut off from reinforcements, while American naval power keeps open the supply line to the Philippines and thus insures the delivery of food, supplies and munitions to our fighting men.

This does not mean that the soldiers of the nation who fight from Lingayen Gulf down to Manila will enjoy a parade. They are faced by a fanatical foe. The enemy has exhibited a willingness to die in battle. For the first time our forces go into a large-scale land action against the Japanese Army, but, from the record made on the islands of the Pacific, the outcome cannot be in doubt.

The action of the fleet air arm in bombing the cities on the eastern coast of China follows the attack on convoys off Indo-China. Together, they indicate that American naval units can operate at will in the South China Sea and that the domination of the principal sea lanes that bind the islands of Japan to their conquered areas are already menaced.

It is rather early to attempt to predict the next move in the great offensive thrust now underway in the Pacific but, apparently, the time is not far off when Admiral Nimitz will attempt to make good his prediction that the Navy will plant a base of operations on the eastern shore of China.

When such a base is established and our fleet units, with their air arms, begin operating from the coast of China, the Japanese dream of establishing an Empire by aggression will begin its dying struggle.

HOME FOLKS PATRIOTIC

IN view of the dangers and inconveniences endured by our fighting men it is almost ludicrous for people on the home front to voice complaints.

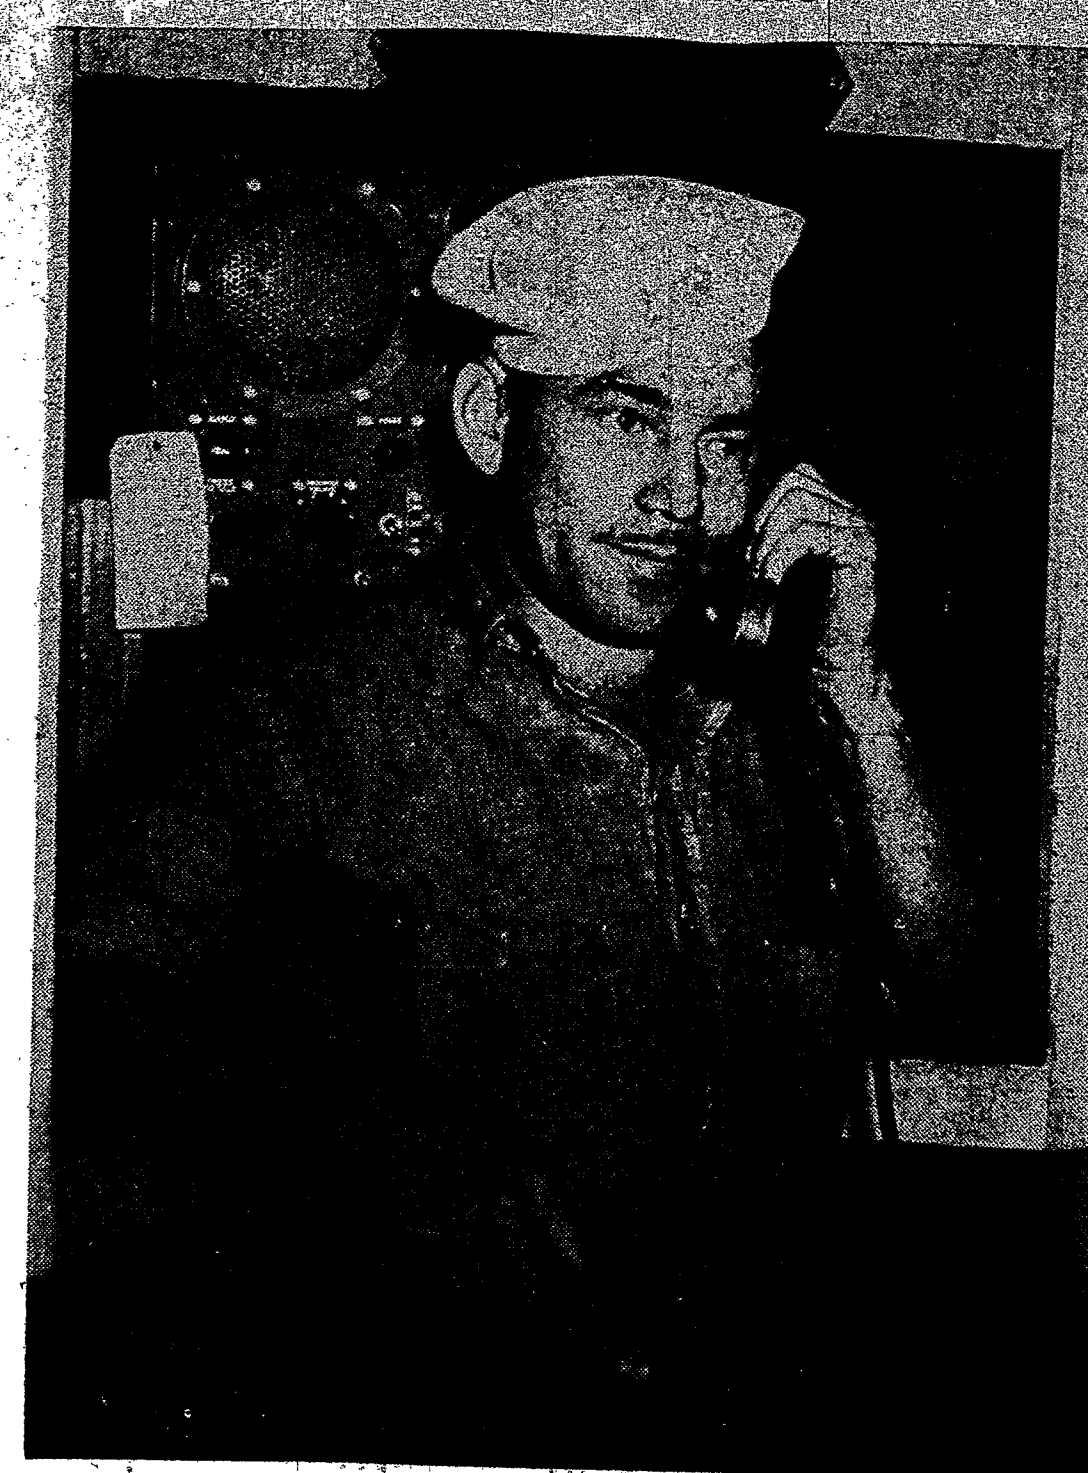

All men who fight for their country take risks. They make sacrifices, even if they are lucky enough to come out of the scrap with sound bodies. It is no picnic to face an enemy in snow and ice, await a mortal blow and still press on toward victory.

If there is any person in Hancock County who would prefer battlefield sacrifices to home front discomforts there is a way to get active service. If, because of age or infirmity or sex, one is unable to give to the nation the only service that counts in bloody war one can still be loyal enough to extend complete support to the men in service.

Compared to what the civilian population of other countries endured we do not know that there is a war going on.

It is encouraging to be able to believe, however, that the vast bulk of our people are ready and willing to accept greater dislocation of normal living if it will assist our brave fighting men. This element of the population is not usually played up in the headlines but do not become confused by the babel of cheap complaints.

BAY ST. LOUIS COAST GUARDSMAN ON CONVOY DUTY IN ATLANTIC

PETER C. FAUCETTA, MOMM 11c

Coast Guardsman Peter C. Faucetta, motor machinist's mate first class, of Bay St. Louis, Miss., is serving aboard a Coast Guard-manned destroyer escort on convoy duty in the Atlantic. Trim escort ships manned by Coast Guardsmen protect Europe-bound troops and supplies against attacks from enemy raiders.

STATE FINANCES

On January 17, after some heavy first-of-the-year payments had been met, the state treasury showed a balance of \$14,404,389.02 in the general fund. The first sixteen days of the new year showed well in the volume of collections running approximately a quarter of a million ahead of the same period last year. Sales tax receipts for sixteen days of the new year show a total of \$654,729.87, being more than a hundred thousand dollars in excess of the same period of last year. We have six months yet of the fiscal year which expires next June 30. Appropriations by the legislature are made on a basis of the fiscal year, hence appropriations made at the last session covered the period from June 30, 1944 to June 30, 1946.

ROAD FUND

Congress has appropriated one billion, five-hundred million dollars for post war road work. This fund is to be handled on a "federal aid" basis and at least a portion of the money is to be used on a fifty-fifty ratio. The first appropriation will give Mississippi approximately eight million dollars. The details of this fund and the manner in which it is to be handled will be worked out later.

ATTEND INAUGURATION

Governor and Mrs. Thomas L. Bailey attended the fourth inauguration of President Roosevelt in Washington last Saturday, January 20. The inauguration this year was a very quiet affair compared to many such occasions in the past. This is the first inauguration during a war since the second inauguration of President Abraham Lincoln in 1865, and the South had no part in that event.

COL. LOUIS JIGGITS

Prominent lawyer of Jackson who has been in the South Pacific with the 31st division headquarters for the past year or more is now in Foster General Hospital in Jackson recuperating from a recent illness. Col. Jiggit is said to have been suffering from a heart ailment. Before going to war, Col. Jiggit practiced law in Jackson. He was Democratic National Committee man for Mississippi for eight years and was Supreme Court reporter for a number of years. He was formerly Captain of a national guard unit and went to the war in that connection. Col. Jiggit has been in active service in the South Pacific.

REPAIRS AUTHORIZED

Governor Bailey has announced the allocation of \$17,207 for repairs to several state institutions as follows: State Sanatorium, \$40,000; Negro Reformatory, now under construction, \$15,000; \$12,100 to East Mississippi Hospital at Meridian. Other institutions receiving smaller amounts were: Jackson Negro College, \$1,000; State Library, \$430; Industrial and Training School, \$2,250; Vicksburg Charity Hospital, \$418.00. These allocations were made by the State Building Commission and will come out of the million-dollar appropriation made at the 1944 session to meet emergency repairs.

PAY POLL TAX

Next year will be elected: one U. S. Senator; seven Representatives in Congress; eleven Chancery Judges;

seventeen Circuit Judges; Supreme Judge for Southern District, and twelve County Judges. To vote next year, it is necessary that poll tax be paid this year too, and it must be done on or before the first day of February 1945. The receipt must be kept until the election. This is important and should not be put off or neglected.

DEATHS

Two prominent Mississippians died on Wednesday of last week. Hon. R. B. Clark, lately employed by the State Tax Commission, died in Jackson hospital. Mr. Clark was formerly a well known banker at Tupelo, later was at the head of the Mississippi Development Board and was also at the head of Federal Land Bank at New Orleans. On the same day Alfred F. Dantzler, large dealer and manufacturer of lumber, banker, and interested in civic and political affairs in the state, died at the age of seventy-four at his home, Biloxi.

RAKING AROUND—

It develops now that Mississippi has at least three members of the President's 1000 Club. They are: W. E. Eastburn, W. L. Hines, of Hattiesburg, and R. D. Sanders of Jackson. Congressman Rankin of the first district has been approved as a member of the "Hart Committee," successor to the Dies Committee, on "Un-American Activities." — The South-Reporter of Holly Springs has entered its 80th year of life and is still going strong. It was established eighty years ago as the Reporter and later joined up with a paper called The South and for many years has been published under the name of the South Reporter. At present the paper is owned and edited by O. V. Whitten.—Congressman Whittington of the third district has been named as chairman of the Democratic Steering Committee of the House, a very important position for the Democratic party.—I. W. Dugan, Governor of the Farm Credit Administration, spoke in Jackson last week to a large crowd of farmers urging them to take advantage of the credit offered them in connection with their farming operations this Spring.—Senator Bilbo says that the passage of the Universal Military Training Bill by Congress is a foregone conclusion.—Jackson's new City directory soon to be off the press, will place the population of Jackson as of January 1, 1945 at 89,759. This will include East Jackson and some "settlements" just outside the city, but bordering the corporation line.—In December a survey was made and it was found that from the 15th to the 22nd of December sixteen per cent. of the population of the United States, approximately 24,000,000 persons, were suffering from colds.—The Masonite Corporation of Laurel has distributed within the past few weeks 10,000 young trees to be planted out in connection with reforestation projects.—Hon. J. M. Causey, former State Auditor, has been elected worthy patron of Chapter No. 47, Order of the Eastern Star at Jackson. Mrs. Agnes Wright was elected worthy matron.—A report given out from Tuskegee, Negro College in Alabama, makes the statement that only ten lynchings occurred in the United States in the year 1944. This compares with three in 1943 and five in 1942. The 1944 record is probably the lowest since records have been kept on that subject.

John J. Robira Dies At New Orleans Hospital

John J. Robira, Lake Charles, former district attorney of the fourth judicial district of Louisiana, died last week at Hotel Dieu, New Orleans, following an extended illness. He was a native of Bay St. Louis and spent part of his life here. There are many here who still remember him.

A NEW YEAR'S RESOLUTION

It is not too late in 1945 to resolve to save. Our 1945 Christmas Savings Club is still open to subscribers. January's bills should convince you that you should open a Christmas Club Savings account without delay and make regular deposits in preparation for Christmas 1945.

From all indications 1945 will be a good year to save money. There is more of it for one thing, and the best time to make hay is when the sun shines.

There is also a patriotic reason why we should save. Money saved is money out of circulation and money out of circulation is one way to prevent inflation. Fore-thought is a virtue and saving for peace an effective economy. There will be a lot of things we will want to buy when the war is over—if we have saved the money.

The secret of America's prosperity lies in self-reliance, work and thrift. The financial foundation of the Republic is embodied in the industry and frugality of its people. To work a little harder and save a little more is one sure way to win the war and build the peace. We are able to wage an expensive war against formidable foes and finance our friends because we built upon the bedrock of thrift. We had the gold, the goods and the credit. Our future lies in the practice of habits that formed the American character and performed the American industrial miracle.

Hancock Bank is gratified over the splendid results it has achieved in encouraging thrift. With your wholehearted cooperation over \$4,000,000 of its total deposits are already salted down in Savings Accounts from which its customers draw regular interest. And our savings are on the increase.

This excellent record speaks well for the people of a community who underwrite their future by cultivating the frugal habit. This accumulating reserve will become a stabilizing factor when the war boom is over.

Open a Christmas Savings Account without delay. Save money, buy War Bonds, support the war effort and build for a better peace and more prosperous future.

WAR RATION BOARD COLUMN

Ration Calendar for Week Of January 25, 1945

PROCESSED FOODS: Blue X-5, Y-5,
Z-5, A-2, B-2, C-2, D-2, E-2,
F-2, and G-2 (Book 4) now valid
at 10 points each.

MEATS AND FATS: Red Q-5, R-5,
S-5, T-5, U-5, V-5, W-5 and X-5
(Book 4) now valid at 10 points
each for use with tokens.

SUGAR: Sugar stamp No. 34 valid
now, for five pounds.

SHOES: Airplanes stamps Nos. 1, 2,
and 3 now valid.

GASOLINE: A-14 coupons valid
through March 21. Rationing rules
now require that each car owner
write his license number and state
on each coupon in his possession as
soon as it is used him by his local
rationing board.

A freeze on all lard, shortening,
cooking and salad oil to consumers
began on January 19 at 12:01 o'clock.
The freeze continued until Monday
morning, January 22, when mer-

chants began selling at two points
per pound.

Restoration of point values to can-
ned grapefruit juice and grape-
fruit-orange juice combination was
necessary to provide equitable distri-
bution of available civilian stocks.
W. E. Holcomb, OPA District Director,
said today.

The action was taken at the same
time that the War Food Administra-
tion froze sales of these juices by
canners for an indefinite period un-
til increased military requirements
are met.

Point values for the now-rat-
ioned juices are the same, weight
for weight, as those listed for blended
vegetable juices on the current point
value chart, Major Holcomb said.
Canned orange juice continues at
one point value, he pointed out.

Sugar retailers were cautioned that
acceptance of counterfeit or expired
ration coupons may result in their
inability to sell sugar for the dura-
tion.

Major W. E. Holcomb, OPA Direc-
tor at Jackson, pointed out that un-
der the agency's new charge-back
program sugar dealers' inventories
will be reduced in the amount of the
number of invalid coupons they ac-
cept. This means that dealers who
continue to accept illegal coupons

will force themselves out of business.
"The director pointed out that it is
not necessary for a merchant to be
expert in detecting counterfeit cou-
pons," Major Holcomb declared.
"Coupons properly attached in ra-
tion books issued by local boards are
genuine."

Unexpired suspension orders for
bidding businesses to deal in rationed
foods apply immediately when the
foods they cover are restored to ra-
tioning, W. E. Holcomb, OPA Dis-
trict Director at Jackson, announced.
This is also true if points are assign-
ed to foods that have been at zero
point value he said.

"Suspension orders," Major Hol-
comb explained, "are necessary to
protect essential commodities in short
supply from diversion into the black
market. They are issued after hear-
ings before hearing commissioners
specially designated for that pur-
pose."

Suspension orders which expired
while the foods they covered were
rationed or had a zero point value
were not revived when rationing was
resumed, the Director said.

The directive of the Economic Sta-
bilization Director to place ceiling
prices on live cattle should make it
easier for housewives and dealers
alike to get their fair share of all
grades of beef at fair prices, W. E.
Holcomb, OPA District Director at
Jackson, declared.

"Live cattle were the only impor-
tant basic food commodity that was
not under ceiling prices," Major Hol-
comb pointed out. "As prices of bet-
ter grade animals rose, and beef
percentage of choice and good grade
cattle went to a minority of slaugh-
terers selling meat at above ceiling
prices. Legitimate slaughterers and
ordinary butcher shops got less than
their usual share of quality beef,"
he said.

"Our entire program of meat price
control was in danger of breaking
down. By placing ceilings on live
cattle, it should be possible to hold
meat prices rigidly to present ceil-
ings," he said.

In addition to protecting the pub-
lic against any increase in the retail
price of meat, the program is design-
ed to prevent any substantial reduc-
tion in live cattle prices which might
cut down cattle feeding or produc-
tion.

DANCE ORCHESTRA ORGANIZED BY BROTHER ROMUALD AT ST. STANISLAUS

First Appearance Scheduled For Sodality Social

(By Robert Scharff)

After a busy pre-Christmas sea-
son with the band during which time
that organization gave one concert,
played for the annual Christmas play
presented by the St. Joseph Academy,
and appeared at parties given by the
Knights of Columbus and here, Bro-
ther Romuald took on another task
when he announced the formation of
an orchestra.

The orchestra is made up of six-
teen enthusiastic members of the
band who meet for practice daily
after the regular band rehearsal is
concluded. They generally practice
until five o'clock. So far they have
made excellent progress. You can
rest assured that some real hot
swing music is in the making.

The orchestra will make its ini-
tial appearance on the occasion of
the third Sodality Social which is
scheduled for the evening of Feb.
5th. Be sure and be there for a
swell evening of music and dancing.

Returns From Inspection of Air Fields

Mrs. James Sylvester, Eastern
Flying Training Command, with
headquarters at Maxwell Field,
Montgomery, Ala., has recently re-
turned from an inspection of fields
at Harlingen and Laredo, Texas.
While making inspection of these
fields Mrs. Sylvester spent the
week in Monterey, Mexico.

Enroute back to Montgomery she
was joined in New Orleans by Miss
Vivian Telhiard who spent a few
days with her at Maxwell Field
and while there Miss Telhiard was
the guest of honor at a dinner at
the officers club.

Mrs. Sylvester's brother Lieuten-
ant William (Billy) Harper is in
charge of the officers' club there
and another brother, Lieutenant
James Harper is at the field.

BROTHER JULIAN'S CREW ENLARGES PLAYGROUND AREA AT ST. STANISLAUS

Brother Julian's crew of busies
have been working hard during the
past two weeks clearing space for
an addition to the playground area.
Up to now they have removed one
oak tree which was quite an obsta-

progress and in a short time this sec-
tion of the campus should become
the center of much activity in sports.

Several members of the crew have
received leaves of absence in order
to join the boxing team. If they
throw punches with the power and
accuracy with which they swing an
ax, I feel sorry for their opponents.

The students who are now actively
engaged in this particular activity
of the working crew are Henry Cairé,

"There's one reason, son, why you have better schools than I attended"

Taxes paid by industry largely
maintain our Public School System.
The Railroads contribute greatly to
that source of revenue. In 1943
alone, the Louisville & Nashville
Railroad paid over \$2,200,000 in
taxes for the support of schools and
State Universities.

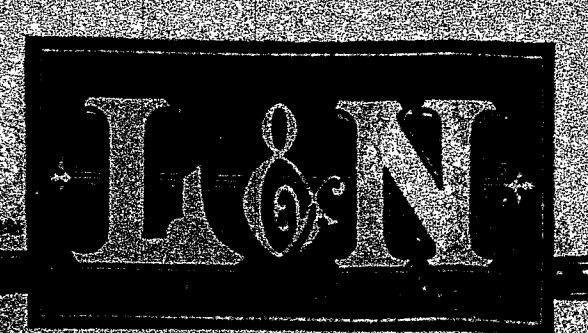

That is equivalent to employing
about 2,000 teachers or sending
about 60,000 children to school for
one year, who otherwise might be
deprived of the benefit of proper edu-
cation or modern school facilities.

The L & N finds satisfaction in the
number of Southern boys and girls
who are attending fine schools, in
contrast to the "little red school-
house" of a generation ago. This is
made possible in no small measure
by its contribution in school taxes.
The L & N likes to think of these
boys and girls of the South as our
own—"We're putting our sons and
daughters through College," we
might say.

No other agency has for almost 100
years contributed more to the

growth of the South's commerce
and culture than our own "Old
Reliable"—the L & N. We hope to
continue to aid in that program in
the postwar period. Toward that
goal we ask only an impartial treat-
ment in regulation; that we be given
an equal opportunity with our com-
petitors to serve the Public's needs.

Employers Should Issue Withholding Receipts

Jackson, Jan. 21—Eugene Fly, Collector of Internal Revenue, reminded employers of the Mississippi district today that the law requires them to issue Withholding Receipts on Form W-2 (Rev.) to all employees by January 31.

These receipts have a triple purpose this year, as follows:

1. The receipts advise the employ-

ees of the amount of their wages and the amount of income tax withheld from their wages in 1944.

2. Most employees (generally speaking, those who earned less than \$5,000) can use their receipts as a simplified form of income tax return.

3. Employees who use the standard income tax blank, Form 1040, to make their income tax returns (instead of using the receipt alone) should attach their receipts to Form 1040.

ORTIE THEATRE SUNDAY-MONDAY "LOST IN A HAREM"

Bud Abbott & Lou Costello
With Marilyn Maxwell,
Jimmy Dorsey and His
Orchestra

When Abbott and Costello get lost in a "hareem" in a small kingdom in the mystic East, you have the ingredients for top-notch comedy. And when you add beautiful Marilyn Maxwell, sure-fire screen newcomer John Conte of radio fame, and Jimmy Dorsey and his orchestra, you have musical comedy that's a real treat for the entire family.

"Lost in a Hareem," Abbott and Costello's latest fun-fest, starts Sunday at Ortie Theatre, and the house will literally rock with laughter from beginning to end. The new Metro-Goldwyn-Mayer film is fast and furiously funny.

The comedians play a couple of prop men who, along with the rest of a touring musical show, get stranded in a small town in the mystic East. Marilyn, as the show's prima donna, gets a job in a local cafe and Abbott and Costello convince the manager they are a leading comedy team.

They get the job, but their act is so bad that it starts a fight and all of the performers are tossed into jail.

They get out with the help of Ramo (Conte), a supposed desert sheik, upon promising that they will help regain his throne in a small nearby kingdom which has been usurped by Nimaty (Douglass Dumbrille), Ramo's evil uncle. The situations go from hilarious to more and more hilarious as Abbott and Costello, as part of their plan, pose as Hollywood talent scouts to gain the aid of Nimaty's chief wife, who has screen aspirations.

Miss Maxwell is a sheer delight as the young singer and Conte shows great promise in his first, all screen role. Dumbrille is tops as the villain and Jimmy Dorsey and his boys provide the music—which is to say that they are right in the groove. Veeran comedy director Charles Riesner was at the helm and has turned in a sparkling job of direction. By all means see "Lost in a Hareem."

The new use of the Withholding Receipt as a simplified income tax return is explained in an official leaflet entitled "How to Use Your Withholding Receipt as an Income Tax Return." The Bureau of Inter-

EVEN TO THE YOUNGEST—Arms and back stricken with infantile paralysis, this eight-month-old baby received modern care and treatment at the Crippled Children's Guild, Buffalo, N.Y., through the assistance of the Stuben County Chapter of The National Foundation for Infantile Paralysis. "Job Jumpers" To Be Reclassified If Changing Jobs Without Satisfying Their Local Boards

State Headquarters of Selective Service announced today that men who leave jobs for which they were drafted were deferred on or after 12 December 1944 will be inducted into the army. The local boards of Selective Service have been instructed to promptly reclassify men who change jobs without satisfying their local boards that the change will result in a greater contribution to the war effort.

Colonel Lawrence W. Long, State Director of Selective Service, stated that he had just returned from the Induction Station at Camp Shelby where arrangements have been made for the induction of these men who become "job jumpers" even though they are not physically acceptable for General Military service. The physical standards of acceptance for these "job jumpers" are very liberal and will allow for their induction into this special service unless they have conditions such as cancer, serious contagious diseases, obvious handicapping defects, advanced tuberculosis or such diseases and de-

fects.

Men in the 18 through 37 age group are equally liable for service in the armed forces and deferments are granted only in the interest of the National War effort, not for the benefit of individuals. No deferment can continue when the reason for the deferment ceases to exist. "It is apparent," stated Colonel Long, "that the physical condition of the man will no longer be serious controlling factor in his deferment."

Waivers can be secured on problem cases up to 45 years of age also. There are now 35,000 white men and 17,250 negro men deferred for occupations other than agriculture and 24,000 white men and 39,000 negro men deferred for agriculture all under the age of 38 years who are affected by this new procedure. It is very necessary to produce and stay on the job regularly if we are to win this war, stated Colonel Long.

Mrs. Mulford Parker, Dies At Birmingham, Alabama

Mrs. Mulford Parker died on Wednesday of last week at the home of her daughter Mrs. L. C. Rinnells at Birmingham, Alabama. She was the mother of Mrs. Carl T. Smith and Mrs. Frank Clark of this city and has been ill for some time.

Religious services were held at Birmingham and at Laurel and the body was taken to Ellisville, the old home place, for interment.

Another daughter Mrs. Dupont was with her mother when she died. Mr. Dupont came through Bay St. Louis enroute to Ellisville and drove Mrs. Smith and Mrs. Clark up. The five daughters and the one son were present at the burial.

Sympathy is extended to Mrs. Smith and Mrs. Clark and to other members of the family.

How women and girls may get wanted relief from functional periodic pain

Careful, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Should 3 days before "your time," it should help relieve pain due to purely functional periodic causes. Try it!

THE INAUGURATION

On January 20 Franklin D. Roosevelt took the oath of office as President of the United States for the fourth time. And thus an already broken precedent of two terms was for the second time broken by the man who seemingly has a habit and passion for breaking precedents. And not only that but he broke still another precedent at least so far as he is concerned by taking oath on what is generally regarded as the "back steps of The White House." This in our opinion was very appropriate for after all we are in the midst of a tragic war and the simpler the ceremonies the more appropriate. Having repeated the oath of office for the fourth time, the President made a brief address from the balcony of The White House to the chosen few who had been invited to witness the ceremonies. Thereafter a luncheon was served at the White House to approximately 1500 people. These guests were mostly Members of Congress, high-ranking Government dignitaries, visiting Governors, and other stalwart Party Leaders.

And thus a new term for an old President began. Moreover, the fourth term of Franklin Roosevelt began in one of the most critical periods in the history of the country and of the world. Those citizens of the United States and of the world who might be inclined to be envious or critical of this man at this time might well weigh the duties, responsibilities, and the demands made and to be made upon him at such a critical period. For upon him will possibly fall the heaviest responsibilities of any other citizen of the world during that period. He will be called upon not only to head the Government of the United

"GHOST CATCHERS" AT ORTITE THEATRE WEDNESDAY-THURS.

Olsen and Johnson With Gloria Jean and Martha O'Driscoll

If there remained any doubt about it before, that these are unusual times, let it be dispelled for one and all, the new Olsen and Johnson motion picture, "Ghost Catchers" has a plot.

This unprecedented arrangement is the equivalent to such things as rivers running uphill, roosters crowing at sunset, or a Keystone comedy cop being thrown at a pie.

In "Ghost Catchers," which opens at the Ortte Theatre, Olsen and Johnson and Universal Studios, confused the audiences even more than Olsen and Johnson ordinarily do with their lack of rhythm and reason, by appearing in a film production which has a beginning, a middle, and an ending.

Indeed, the film has all the dramatic essentials of a Theater Guild production, such as climax, conflict (you can say that again), and characterization.

Bedlam Abroad Olsen and Johnson, appearing as themselves, run a night club along the lines of Bedlam Institute, and become involved in a Sir Galahad scheme to save two beautiful young girls, Martha O'Driscoll and Gloria Jean, from whatever fate menaces young girls who live in a haunted house.

Before this is accomplished there are a murder or two, bodies in closets, screams, gun fire, songs by Ella Mae Morse, the boogie woogie queen; songs by Morton Downey, a vaudeville show, a riot in a night club, a jitterbug number, and a Gay 90's "wild party." All this plus a concert appearance of Gloria Jean and a supporting cast including Leo Carillo, Lon Chaney, Andy Devine, Henry Armetto, Walter Catlett and Martha O'Driscoll.

The picture was directed by Edward F. Cline, under the associate producership of Edmund L. Hartmann, who wrote the original screenplay. Photography is by Charles Van Enger, A. S. C., with musical numbers devised and staged by Louis DaPrun.

Better—or Just as Good?

MOST of us aren't satisfied with buying—or growing or manufacturing—something that's "just as good." We want something better. And, in most cases, that something better comes through competition.

For competition—real competition—is something besides two people making, or offering for sale, the same goods or services. It involves a lot more. And anybody who serves the public prospers because he has something better to offer—whether it's quality, prices, service, or just a clean appearance and a pleasant smile.

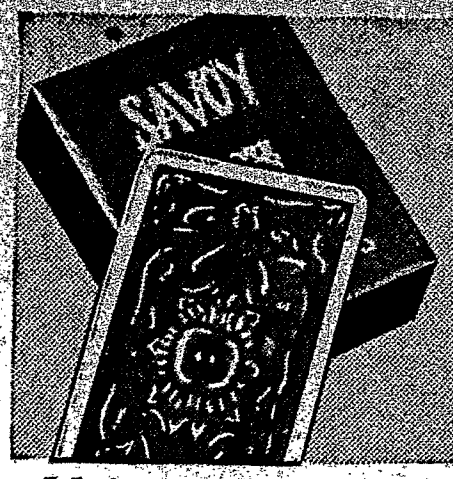

Real competition doesn't come from punitive taxes, or subsidies, or any other sort of horse-race handicapping to make everybody in business start even. For it isn't equality that's needed; it's the inequalities that are the true measure of progress.

Real competition is the kind that encourages the manufacturer, the farmer, or business man to get his quality up, his costs down, and to develop new things his customers want. It's this kind of competition that produces something better rather than something just as good—that insures to the public a steady increase in the value it gets for its money. MISCELLANEOUS SHOWER

Among the lovely affairs being given for Miss Lucy Weston who will be married early in February to Ensign Paul Victor LaCoste, U. S. N. R., was the miscellaneous shower given on Monday by Mrs. N. L. Carter at her home.

The beautiful beach home of the Carters was a veritable garden of red and white Camellias all throughout the rooms and in the dining room where Mrs. Ensign Joseph LaCoste, sister-in-law of the bridegroom elect and Mrs. Leo W. Seal served Russian Tea. The table was covered with a Madeira cloth and held a silver branched flower holder. This stood in a base of white Camellias and the top contained held a cluster of white ragged Chrysanthemums; other containers held white Camellias. Surrounding this were silver candle holders with white candles.

The honoree wore a lovely spring model tulle dress of dusty pink crepe and a pale blue satin hat trimmed with blue and pink Hyacinths.

Her mother Mrs. Harold B. Weston wore red with a new model spring black straw hat. Mrs. E. J. LaCoste, Ensign LaCoste's mother, wore black crepe and a large black hat and a shoulder corsage of white Camellias.

An attractive feature of the refreshments were the individual cakes with the initials L and P iced in white.

Approximately 80 guests were present and Miss Weston was presented with exquisite gifts which she received in her usual gracious manner and with her usual smile.

The dance was in every way a success and the juniors were delightful hosts and are certainly due credit for planning and giving this enjoyable dance.

ENTERTAIN NIECE
Mrs. William Douglas Bourgeois and her daughter Mrs. Edward Murtagh Jr., entertained at the home of Mrs. Bourgeois on Saturday morning at a coffee hour honoring Mrs. Bourgeois' niece Mrs. Sam Vernon of Pasco, Washington, who was visiting her parents Mr. and Mrs. Horace L. Kergosien.

The reception rooms were bright with flowers and the following were the guests: Messdames Horace L. Kergosien, Laurence L. Kergosien, Edward Shumski, Joseph Folsie, Bob Torgeson, Theodore Thomas, Wm. Smith, Robert Lee Hamilton, L. A. Rogers, C. A. Breath, P. G. Bernheim, Richard Madden, Daniel Russell, Presley Evans, Edmund P. Fahney, E. J. LaCoste, and Misses Mittie Manier, Laverne Mollere and Marilou Bourgeois.

ENTERTAINS AT BUFFET SUPPER
Mrs. William Ross Pitcairn was hostess on Saturday evening at the home of her parents Dr. and Mrs. J. A. Evans with the group of young women of Bay St. Louis whose husbands are overseas as guests.

Mrs. Pitcairn entertained at a buffet supper and the guests served themselves from a table centered with white Camellias and spring flowers and an enjoyable informal evening was had by the following: Messdames Warren Larroux, Edwin Lewis, P. G. Bernheim, Don McCullough, Robert Lee Hamilton, Edward Murtagh, Jr., Richard Madden, L. A. Rogers. An out of town guest was Mrs. David McDonald of Wiggins, who was the guest of Lieut. McDonald's parents.

ATTEND OPEN HOUSE CEREMONIES

GLEE CLUB PREPARES TO ATTEND CHORAL CLINIC IN BILOXI

The recently organized St. Stanislaus Glee Club under the direction of Brother Donald, S. C., will enter the Choral Clinic to be held at the Biloxi High School on the ninth and tenth of February. The guest conductor at that time will be Dr. E. H. Neill, Head of the Music Department of Georgia State Teachers' College.

The objective of the Choral Clinic is: (1) To have an EDUCATIONAL CLINIC or "quality not quantity" session; (2) To organize two equally balanced choruses, not to exceed 80 members each; (3) Students are to be recommended to the selection committee by the director after he has considered and approved the qualifications of the candidates. The latter qualifications are divided as follows: Quality of voice 30%; Range 10%; Intonation 30%; Style, 10%; and Sight Reading 20%.

In addition to the choruses there will be a solo festival. Harvey Killen will enter this part of the program as a baritone, and Morris Nelson will solo in the unchanged voice section. Both will sing numbers of their own choosing and will be accompanied at the piano by Frank Tyschen.

Brother Donald speaks highly of the members of the Glee Club and in particular of the soloists and feels confident they will make a good showing.

Those who will attend the Choral Clinic are as follows: Harvey Killen, Morris Nelson, Rudolph Ramey, Warren Galenick, Douglas Webb, Eddie Steiner, J. H. Bonck, Francis Fabacher, Ben Klempner, Earl Trask, Jack Carter, Frank Tyschen (accompanist) and James Martin (publicity manager).

Suffers Injury

Harry S. Hardin, Sr., who has a summer home at 1400 Dunbar avenue, suffered a fracture of the right knee last Saturday when a horse in a light wagon became unmanageable and kicked.

Mr. Hardin had purchased the horse for his grandchildren and he and the trainer had taken it out for a trial and Mr. Hardin was seated with the driver when the horse suddenly became fractious and kicked over the dash board of the wagon striking Mr. Harin on the right knee. He was taken by ambulance to New Orleans and reports are to the effect that though the fracture is serious it is not considered alarming.

Mr. and Mrs. Hardin, his daughter and the children were at the summer home for the week end.

PROVINCIAL SUPERIOR MAKES ANNUAL VISIT TO ST. STANISLAUS

Reverend Brother Martinian, S. C., Provincial Superior of the Brothers of the Sacred Heart in the United States, spent the past week here at St. Stanislaus visiting the classes throughout the school.

As superior of the Brothers he is responsible for the maintenance of the high scholastic standards which the schools conducted by the Brothers have achieved during their nearly one hundred years in this country. Among these institutions St. Stanislaus is one of the oldest being now in its ninety-first year.

Although Brother Martinian did not make a formal statement for the benefit of the school publication, still we feel confident to conclude that he was well satisfied with the scholastic work being done here.
